

CANDYLAND LOLLIPOPS

You will need:

- Different coloured pipe cleaners
- Scissors
- Straw or popsicle stick
- Glue
- Ribbon
- Pen or pencil (for twisting the pipe cleaners around)

Intructions:

Step One: Take two pieces of pipe cleaners of different colours.

Step Two: Holding them together, twist in place to form a single pipe cleaner in alternating colours.

Step Three: Twirl your pipe cleaner around a pencil to form the lollipop shape.

Step Four: As you do this, put little dabs of glue between each swirl to hold the shape together. (you don't need much - just enough to keep the shape.)

Step Five: Once you seal your lollipop circle, put a dab of glue on the back of it to adhere the straw or popsicle stick.

Step Six: When the glue is set, you can then add a printable party flag or bow to the stick for decoration.
